## IMMEDIATE OPENING ENVIRONMENTAL PLANNER / PROJECT COORDINATOR

**Closing Date: Open Until Filled**

Ecoscope Environmental Consultants Ltd. is a small environmental consulting company located in Kelowna, BC. We provide a broad range of environmental services for our clients, focusing primarily on biophysical inventory and mapping, ecological landuse planning, fish and wildlife studies, groundwater assessments, and contaminated sites investigations. Ecoscope offers exciting opportunities for individuals to work on a wide variety of projects throughout BC. We are currently seeking applications for an **Environmental Planner / Project Coordinator**.

The ideal candidate will have the following qualifications/skills:

- Strong work ethic and a personality that operates from the core values of integrity, respect, open communication and environmental protection;
- Knowledge of and experience with municipal landuse planning, process, and implementation and incorporation of pertinent Provincial (e.g., Riparian Areas Protection Regulation and Water Sustainability Act) and Federal legislation;
- Highly organized and detail oriented with an aptitude for multi-tasking a large variety of complex project files, types, and permits with tight timelines;
- Team-oriented with leadership abilities that enable the coordination for timely project delivery;
- Strong written and verbal communication skills and excellent time management;
- Flexible to changing workloads and tasks while remaining upbeat and focused on end goals;
- Excellent decision-making abilities and ability to problem-solve;
- Excellent proficiency with MS Office Software Suite;
- A minimum of 2 years consulting, planning or project management experience;
- Knowledge of local government processes and bylaws, and pertinent provincial and federal legislation and how they apply to construction projects/development.

Preference will be given to candidates that are professionally registered Planners (MCIP), Registered Professional Biologists (R.P.Bio), Professional Agrologists (P.Ag.), or Professional Engineers (P.Eng or P.Geo). Other desirable training includes: Riparian Areas Protection Regulation, Environmental Monitoring, Erosion and Sediment Control, Wildlife Danger Tree Assessor.

Interested persons are encouraged to submit resumes electronically or in person with a cover letter detailing your experience to: [ecoscape@ecoscapeltd.com](mailto:ecoscape@ecoscapeltd.com). We thank all those interested in this opportunity; however, only those short-listed will be contacted.
