IMMEDIATE OPENING INTERMEDIATE / SENIOR BIOLOGIST

Closing Date: Until Position filled

Ecoscope Environmental Consultants Ltd. is a small environmental consulting company located in Kelowna, BC. We provide a broad range of environmental services for our clients, focusing primarily on biophysical inventory and mapping, ecological landuse planning, groundwater assessments, contaminated sites investigations, and fish and wildlife studies. Ecoscope offers exciting opportunities for individuals to work on a wide variety of projects throughout BC. We are currently seeking applications for the following opportunity:

Intermediate / Senior Biologist for work on large Environmental Effects Monitoring Programs and Environmental Landuse Planning, and Resource Inventory Projects

The ideal candidate will have the following skills:

- Proficiency with MS Office
- Minimum of 3-years consulting or similar experience
- Experience working with fish, wildlife *and* ecosystems of the southern interior of BC, with preference given to those with background in aquatic sciences
- Experience with environmental permitting and associated environmental construction monitoring of small or large infrastructure projects
- Knowledge of the Riparian Areas Protection Regulation, local government processes and bylaws, and pertinent provincial and federal legislation to prepare environmental impact assessments
- Excellent oral, written, and data presentation skills
- Ability to multitask and work well with a multidisciplinary team
- Knowledge or experience with engineering and construction practices
- Preference will be given to candidates with Project Management, budget, scope preparation, and business development skill sets.
- Preference given to candidates certified in backpack electrofishing, Riparian Areas Protection Regulation, Environmental Monitoring, Erosion and Sediment Control, Swift Water Rescue Technician, Small Vessel Operator Proficiency (SVOP) and/or Marine Emergency Duty (MEDA3).
- Preference will be given to candidates with strengths in environmental monitoring, construction, and implementation skills
- Must be eligible for registration in the College of Applied Biology or have a similar professional designation

Interested persons are encouraged to submit resumes electronically with a cover letter detailing your experience to: ecoscape@ecoscapeltd.com. We thank all those interested in this opportunity; however, only those short-listed will be contacted. Short-listed candidates can expect to appear in person for an interview at our Kelowna office, if feasible. We will consider reasonable travel expenses following a pre-screening phone interview.
